Review Committee
National Science Scholarship Program

Dear Committee Members:

The purpose of this letter is to recommend Lester Hightower for a scholarship from the National Science Scholarship Program. I am the high school principal of North Florida Christian School. Les has attended North Florida for the past eight years. Throughout his stay at North Florida, Les has demonstrated self motivation and has persisted in exemplary academic performance. Les has also been involved in extracurricular academic activities such as science fairs and the SuperQuest competition. Not only is Les involved academically, he also is a three year letterman of our varsity football team and our weight lifting team.

Les is a member of the North Florida Christian School chapter of the National Honor Society, Who's Who Among American High School Students, and his photograph and brief biography appears in the National Yearbook.

Les is a clean-cut, Christian young man who serves as a good example to the underclassmen in our school. Les is a leader, yet a kind and friendly person who will undoubtedly be a success in college and in life.

Sincerely,

Daniel D. Hylkema
High School Principal, North Florida Christian School
